

# Postdoc Symposium Biology Seminar

By: Eric Lumsden, Steven Peterson, & Sarah Guiziou  
University of Washington | Postdoctoral Scholar, Department of Biology

**Monday, January 25, 2021  
12:00 PM PDT**

**Investigating the Mechanisms of  
Seasonally-Driven Song Circuit  
Plasticity in Songbirds**

By: Eric Lumsden (Perkel Lab)

**Generalized neural decoding across  
participants and recording modalities**

By: Steven Peterson (Brunton Lab)

**A synthetic biology tool to decode the  
development of lateral roots**

By: Sarah Guiziou (Nemhauser Lab)
