VACCINE UPDATE

ENVIRONMENTAL HEALTH & SAFETY
UNIVERSITY of WASHINGTON
VACCINE PLANNING AND DISTRIBUTION

• UW Medicine is providing vaccines to eligible patients, employees, and students in Phase B1, A1, A2.
• UW Medicine planning to expand vaccine site to E1.
• Supply of vaccine to WA providers is currently a significant limitation.
• Expect changes to vaccine priorities and supply as federal and state planning efforts shift in coming weeks.
• ACCD subcommittee meeting to recommend vaccine policy for fall quarter
• Being vaccinated does not change current public health or workplace requirements for COVID-19 prevention such as distancing, masking, isolation or quarantine. When public health guidance and regulations change, UW requirements will adjust.
